

HPR & HPRD Range

The Heinelec Premier range of distribution switchboards adds a new dimension of versatility and durability. Renowned for quality, exceptional performance, reliability and ease of installation, the inherent design features offer excellent application opportunities within commercial, industrial and mining sectors.

HPR Switchboard
recommended for use with SFM MCB's

HEINELEC

HPRD Switchboard
recommended for use with Heidin MCB's

HEINELEC

Features

- Multiple main switch options
- Additional switchboard modules can be added to the top, bottom and sides for a modular solution
- 16 pole DIN knock outs for ancillary equipment
- Hinged removable escutcheon
- High quality door sealing gasket with double return enclosure sealing flange
- Left hand hinged lift-off gasketed door with lockable lever handle. Door opens to 180°
- Integral rail mounting system
- Cable support brackets top and bottom
- Removable top and bottom gland plates with gaskets. Brass and aluminium (optional)
- Innovative waterproof rainhood (optional)
- Available in 316 stainless steel (optional)
- Australian made

Applications

- Mining
- Construction
- Office complexes
- Schools
- Factories
- Shopping centres
- Outdoor applications
- High rise tenancies

HPR & HPRD Range

Technical Data

- Complies with AS/NZS 3439.3
- IP66 Degree of protection
- 250A, 20kA 0.2s type tested busbar system
- Enclosure depth: 225mm (including door)
- Depth below escutcheon: 140mm
- Premier fully welded 1.6mm Zincseal steel construction
- Baked polyester powder coated finish. N12 Pastel Grey or X15 Orange to AS 2700

Selection Data
